1. INTRODUCTION

This application manual includes program information, application forms, exhibits, certifications and assurances, and instructions to enable an applicant to apply for Federal rural capital assistance under 49 U.S.C. 5339, Bus and Bus Facilities Program, as administered by the Florida Department of Transportation (FDOT).

The Section 5339 Bus and Bus Facilities Program provides Federal capital assistance to eligible recipients (see next page) who operate/contract public transportation services in rural areas. To be considered rural, an area will have population under 50,000.

Several types of activities are eligible for federal assistance under this program including projects to replace, rehabilitate, and purchase buses and related equipment, and projects to construct bus-related facilities. This includes the acquisition of buses for fleet and service expansion, bus maintenance and administrative facilities, transfer facilities, bus malls, transportation centers, intermodal terminals, park and ride stations, acquisition of replacement vehicles, bus rebuilds, passenger amenities such as passenger shelters and bus stop signs, accessory and miscellaneous equipment such as mobile radio units, supervisory vehicles and fare boxes, computers, and shop and garage equipment. Capital equipment purchased must be necessary and reasonable to the provision of public transportation services in rural areas.

Interested applicants may also obtain other application manuals from the FDOT District Office in their service area (see Appendix), including the: Section 5310, Formula Grants for the Enhanced Mobility of Seniors and Individuals with Disabilities Program; and Section 5311, Rural Formula Program.

2. GENERAL PROGRAM INFORMATION / REQUIREMENTS

2.1. PROGRAM ADMINISTRATION

The Federal government allocates funds by formula to the State of Florida each fiscal year for the Section 5339 Program. FDOT has been designated by the Governor of Florida to administer the program. As the program administrator, FDOT is responsible for the following services. At its discretion, FDOT may contract with a service provider to perform these services.

1. announcement of funding availability;
2. selection of projects for funding according to approved selection criteria;
3. development and processing of agreements;
4. oversight of recipient procurement actions;
5. oversight of recipient compliance with state and Federal requirements;
6. processing of recipient invoices for reimbursement; and
7. provision of technical assistance regarding the Section 5339 Program.

Authorizing legislation for the program is shown in the Glossary of this manual under “authorizing Federal and State Legislation.”

The Federal goal of the program is to replace aging equipment and infrastructure. In Florida, program funds shall be used to support local transportation services that act to maximize the passenger carrying capacity of surface transportation facilities. Services for the transportation disadvantaged should play a significant part under this program. All recipients of funds shall provide their non-prioritization service plan (see glossary in Appendix for definition) to the District to ensure access to the general public. Recurring applicants must re-submit their non-prioritization plan only if changes to the plan has been

made since previous application cycle.

2.2. ELIGIBILITY CRITERIA

Eligibility criteria are the minimum legal eligibility requirements. Applicants must also ensure compliance with a number of other conditions placed on grant recipients including, but not limited to, coordination of transit services, civil rights preservation, compliance with safety and drug free workplace regulations, drug and alcohol testing of safety-sensitive employees, competitive procurement of goods and services bought with grant funds, and references to the [Federal Transit Administration's Master Agreement](#).

2.3. LEGAL AUTHORITY AND FISCAL & MANAGERIAL CAPABILITY

Section 5339 applicants must have the legal authority and fiscal/managerial capability to apply for and manage Section 5339 Grants. Grant recipients are required to maintain adequate financial, maintenance, and operating records and be able to comply with FTA reporting requirements. Failure to properly manage, maintain, and operate vehicles/equipment and/or facilities could jeopardize existing and future grants and may result in the removal of vehicles/equipment and/or access to facilities.

2.4. ELIGIBLE RECIPIENTS

Eligible recipients of Section 5339 Grants include:

- political subdivisions of the State of Florida and agencies thereof;
- Indian Tribes;
- private non-profit agencies designated as Community Transportation Coordinators (CTC) in accordance with Chapter 427, Florida Statutes; and
- private for-profit agencies may receive funds through contractual arrangements with eligible sub-recipients. The sub-recipient will be responsible for ensuring that the third-party applicant meets all federal and state program requirements.

All recipients who are not CTCs must enter into coordination or transportation operator contracts with the appropriate CTC for the purpose of coordinating services. Local governments providing fixed route/fixed schedule service are not required to have an agreement with the CTC.

2.5. ELIGIBLE EXPENSES FOR SECTION 5339 CAPITAL ASSISTANCE

Section 5339 funds may be used for the capital expense of transportation services to the general public in rural areas. Eligible expenses are limited to:

- buses, vans or other vehicles (including sedans and station wagons);
- radios and communications equipment;
- wheelchair lifts and restraints;
- vehicle rehabilitation;
- microcomputer hardware/software (including initial installation costs);
- vehicle procurement, inspection and acceptance costs;
- construction or rehabilitation of transit facilities including design, engineering, and land acquisition;

- other durable goods such as spare components with unit cost over \$300 and a useful life of more than one (1) year;
- accessory and miscellaneous equipment such as (fare boxes, computers, shop and garage equipment); and
- Passenger amenities such as passenger shelters and bus stop signs.

2.6. INELIGIBLE EXPENSES

- expenses for charter service;
- expenses for school bus service;
- expenses for service not open to the general public (prioritized serve);
- expenses for **service exclusively within an urbanized area**;
- depreciation expense;
- expenses incurred prior to Federal and State approval of a grant application;
- expenses incurred prior to the execution of a Joint Participation Agreement (JPA); and
- expenses incurred prior to FDOT's approval of plans, specifications, and third party contracts.

2.7. APPLICATION DEADLINES

Application deadlines vary from district to district but usually fall between December and February each year. Your local District Office will notify applicants of their annual application deadline. When received, FDOT District Offices evaluate applications within their respective districts and, thereafter, submit a Program of Projects (POP) to the FDOT Central Office.

The Central Office compiles POPs from the districts and submits a statewide grant application for Federal assistance to the Federal Transit Administration (FTA) by April 1 of each year. FDOT anticipates FTA's approval of the statewide grant application (including district POP's) no earlier than July 1. The Florida Legislature also approves the general appropriation for the State's current year budget by July 1. Once Federal approval is received and the State budget finalized, District Offices may make grant awards (See "Grant Award Process," Section 4).

3. SECTION 5339 COMPLIANCE REQUIREMENTS

3.1. MATCHING FUNDS FOR SECTION 5339 CAPITAL ASSISTANCE

FDOT will provide the state required match of 20%. The federal share of eligible capital costs shall not exceed 80%.

3.2. USE OF SECTION 5339 VEHICLES/EQUIPMENT

Section 5339 vehicles/equipment may be used for general public transportation services provided in rural areas only on a regular and continuing basis. They may also be used for service provided to non-sponsored transportation disadvantaged persons and to social service clients in rural areas provided there is no restriction on public use of the service. Service may not be designed exclusively to serve the transportation requirements of social service agencies without regard for the mobility needs of the community as a whole.

The need and planned use of the requested vehicles must be detailed in the Proposed Project Description (Exhibit B).

3.3. SERVICES ACROSS URBANIZED/RURAL AREA BOUNDARIES

Applicants providing service across urbanized/rural area boundaries must develop a method of segregating or itemizing the costs of services to demonstrate that Section 5339 funds are used primarily for rural area service. Examples of methods that may be used to allocate costs include:

- where all passenger addresses are known, assume the percentage of those addresses located in rural areas equals the level of service in rural areas;
- segregate urbanized and rural service miles based on route maps, and allocate system-wide costs accordingly; and
- utilize driver logs to segregate service mileage or hours inside and outside the urbanized area, and allocate costs accordingly.

3.4. PROCUREMENT

Applicants must have a procurement policy that outlines the procurement process when using federal, state and local funds. The guidebook, [Procurement Guidance for Transit Agencies](#), should be referenced in the procurement policy and utilized when entering into third-party procurements/contracts that utilize federal funds.

3.5. AMERICANS WITH DISABILITIES ACT (ADA)

Applicants must comply with the Americans with Disabilities Act, (ADA) of 1990, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; U.S. DOT regulations at 49 CFR Parts 27, 37, 38, 39; and FTA regulations at 49 CFR Part 609.

3.6. CIVIL RIGHTS SUBMISSIONS

Civil rights submissions that are required include, a Title VI Program, Equal Employment Opportunity (EEO) Program, Disadvantaged Business Enterprise (DBE) Program and annual goals, and an ADA Transition Plan. **All applicants must submit a copy of their Title VI Program Plan with the grant application, unless the agency's current Title VI plan is already on file with FDOT.** At the applicant's request, the FDOT District Office will provide technical assistance to the applicant in the development of their Title VI Program.

3.7. DAVIS-BACON ACT

In the event that a project involves construction, applicants shall comply with the David Bacon Act 49 U.S.C. Section 5333(a) prevailing wage requirements.

3.8. ENVIRONMENTAL DETERMINATION

The impact that a proposed FTA assisted project will have on the environment shall be evaluated and documented in accordance with the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 et seq.), before grant application.

3.9. ADMINISTRATIVE REQUIREMENTS (ONLY IF THE GRANT IS FOR FACILITIES)

Applicants shall supply the appropriate Regional Planning Council (RPC)/local clearinghouse agency (see Appendix) a copy of its application for Federal Assistance. Each applicant shall request the

RPC/Clearinghouse, Intergovernmental Coordination and review (IC&R) process to provide a letter of support of the application to the appropriate FDOT District Office. Copies of correspondence to the RPC/Clearinghouse agency should be contained in the grant application.

Section 5339 projects awarded to an agency located in an urbanized area must be included in the metropolitan transportation plan (MTP) prepared and approved by the metropolitan planning organization (MPO), the transportation improvement program (TIP) approved jointly by the MPO and the governor, and the statewide transportation improvement program (STIP) developed by a state and jointly approved by FTA and FHWA. Projects outside UZAs must be included in, or be consistent with the statewide long-range transportation plan, as developed by the state, and must be included in the STIP.

Although applications for such projects may be accepted by the FDOT District Office prior to their listing in a TIP/STIP, a grant award will not be final for such projects until all administrative requirements are completed, including being listed in the appropriate TIP/STIP.

3.10. PLANNING REQUIREMENTS

To remain eligible for Section 5339 awards, recurring applicants must submit the TDSP or TDP for their service area to FDOT in a timely manner. The entire TDSP or TDP does not need to be submitted with the application, only date of adoption and page which reference the project numbers are needed.

4. State awards are to be identified using the Catalog of State Financial Assistance (CSFA) title and number, award number and year, and name of the state agency awarding it.

It is important that each required form, exhibit, and certification be complete and correct. Applicants should be aware that there are criminal sanctions for furnishing false information in order to obtain federal grants (18 U.S.C. 1001).

The **original** application for capital assistance should be prepared on white, 8.5 X 11” paper, **one sided** and securely clipped (no staples, binders, or dividers, please) and submitted to the appropriate FDOT District Office. Each District Office requires at a **minimum one (1) original** and additional copies, as specified by the District, to be submitted. **Application forms, resolutions, exhibits, and certifications must be arranged in the order listed in the “Application Checklist” to ensure that the application is complete. All application responses and attachments must be incorporated into a single Grant Application document. Responses can be typed directly into the application file provided.** Applications that are incomplete, illegible, or unsigned may be rejected.

The **original** application must be accompanied by the **required cover letter** and a **fully-executed Resolution** from the applicant’s governing board (see Application for sample). 6.1.5. EXHIBIT A: CURRENT SYSTEM DESCRIPTION

Applicants must submit Exhibit A as part of their application. Exhibit A should provide a short description of who the applicant is and what services they provide (**not to exceed two [2] pages with 1” margins**). It is required that all applicants provide the Current System Description in a **question/answer format**. **The capital assistance grant application lists the questions requiring responses in Section 2.7.**

If the applicant is a Community Transportation Coordinator (CTC), **relevant pages** of a Transportation Disadvantaged Service Plan (TDSP) and Annual Operating Report (AOR) containing the above information may be provided. Please do not attach entire documents.

Evaluators will rely heavily on an applicant’s narrative in determining the amount of funds/vehicles/equipment awarded.

6.1.6. EXHIBIT A-1: FACT SHEET

Must be completed by all applicants.

6.1.7. EXHIBIT B: PROPOSED PROJECT DESCRIPTION

Applicants must submit **Exhibit B** as part of their application. The proposed project description should be completed thoroughly as evaluators will rely heavily on the narrative in reviewing and ranking an application, but **must not exceed three (3) pages with 1” margins**. The project description should not repeat the current system description shown in **Exhibit A**. The capital assistance grant application lists the questions required in this exhibit.

6.1.8. EXHIBIT C: PUBLIC HEARING

An opportunity for a public hearing is required **ONLY for public agencies requesting Section 5339 Capital Assistance. An application for Section 5339 Capital Assistance submitted by a public agency should contain a copy of the notice of public hearing (identified as Exhibit C) and an affidavit of publication. If Exhibit C is not applicable, this should be stated in the application.**

A sample public notice is located in the Capital Assistance Application. A public notice should contain all pertinent information relating to the project (such as number and types of vehicles as well as the estimated cost of the vehicles) and should run at least one time in a newspaper of general circulation in the applicant’s service area, no less than 15 or more than 30 days prior to the submission of an application. The notice should state that persons requesting a hearing must notify the applicant of the request, in writing, and send a copy of the request for a hearing to the FDOT District Office.

The deadline for hearing requests **must** be prior to the date applications are due at the District Office. If a hearing is requested:

1. A hearing **must** be conducted;
2. The FDOT District Office must be notified of the date, time, and location of the hearing; and
3. A copy of the minutes of the hearing (to include a discussion of issues raised and resolution of issues) must be submitted to the FDOT District Office, before a Section 5339 Award can be made.

6.1.9. FORM C-1 OPERATING AND ADMINISTRATIVE EXPENSES

Information regarding the applicant's transportation-related operating and administrative expenses and revenues specific to 5339 funds must be provided with the application. **Forms C-1 and C-2** are included in this manual for that purpose. These forms should provide information about operating and administrative expenses of the vehicles or service operated/provided by the applicant, as described in **Exhibits A and B** of the application, and information about the sources of revenue used to pay for these expenses.

The budget line items shown on the forms were originally defined in the Transportation Accounting Consortium's Model Uniform Accounting System for Rural and Specialized Transportation Providers (TAC Manual). The account numbers in parentheses are the object code numbers for these line items in the TAC Manual and in FTA National Transit Data Reports (NTD). Definitions for expense and revenue line items are included below.

Applicants should show the transportation-related operating and administrative expenses and revenues of their agency as projected for the year the Section 5339 Grant Award is requested. For example, the projected expense and revenue budgets for fiscal year 2017/2018 should be used if Section 5339 Assistance is requested by the Agency for use in fiscal year 2017/2018.

6.1.10 FORM C-2: OPERATING AND ADMINISTRATIVE REVENUES

All applicants for capital assistance must complete this form using the codes identified in the above Section 6.2.9.

6.1.11 FORM C-4: CURRENT VEHICLE AND TRANSPORTATION EQUIPMENT INVENTORY FORM

Applicants must complete the “Current Vehicle and Transportation Equipment Inventory” (Form C-4). All columns of the form must be completed. The form must include:

- A current list of all vehicles and equipment used by the applicant to transport individuals, including those bought in previous years with Federal funds;
- Those vehicles bought with other than Federal funds;
- Those vehicles now on order; and
- Those vehicles to be ordered with grant awards made in previous years.
- An asterisk (*) should be placed next to the model year of vehicles to be replaced with the grant being applied for with this application.
- Vehicles can only be listed as “replacement” once. If a replacement award was previously given for a vehicle, that vehicle cannot be listed for replacement again.
- Vehicles operated by the applicant’s contractor or lessee should also be identified, and the name of the contractor/lessee shown in Exhibit B of the application.

6.1.12 FORM C-5: CAPITAL REQUEST

Applicants must complete the “Capital Request”, Form C-5, provided in the application. The upper part of the form (vehicle requests) covers vehicles; the lower (equipment requests), covers other capital equipment such as radios, computer software, computer hardware, etc.

NOTE: In the case of vehicles, applicants should be sure to indicate whether the new vehicle is to replace (R) an older vehicle or expand (E) the fleet by adding a new vehicle. The length of the vehicle, the number of passenger seats & wheelchair positions, lift or ramp, and the type of fuel is also important because this affects the cost. The make of the vehicle should not be shown on the form.

Applicants should refer to “What’s on the Market”, located in the Appendix, the vehicle types available, but should also reference the TRIPS website to access the contracts for the vehicle(s) they are interested in to estimate the cost to fulfill their agency’s specific needs and the amount of their request. The appropriate FDOT District Office or the Center for Urban Transportation Research (see “What’s on the Market”) may be contacted for assistance.

6.1.13 EXHIBIT D: LEASING

Exhibit must be completed by all applicants.

6.1.14 EXHIBIT E: FEDERAL CERTIFICATIONS AND ASSURANCES

The **last** page (Appendix A) of the annual Federal Register Notice that applies to Federal Certifications and Assurances provides applicants with a single signature page on which an applicant and its attorney must certify compliance with the requirements of the various Federal Transit Administration grants or cooperative agreements. The Federal Register Notice is revised annually and is usually available around January 1 of each year. Applicants may obtain a copy of the current year document through the internet at the [FTA web site](#). If unable to access the form, applicants may contact their FDOT District Office for assistance. The appropriate signed Federal certification/assurance form must be included in the application when it is submitted to the FDOT District Office.

Submissions in TrAMS: An applicant submitting certifications and assurances for their agency in TrAMS can attach a screenshot of their PIN as replacement of the signature page.

GRANT WRITING TIP: All applicants must use the current year form and it must be the actual form from the Federal Transit Administration (FTA). This form cannot be an edited version of a prior year's forms or a recreation of the form. **DO NOT copy this form onto agency letterhead for signature, it will be returned to you and delay processing your grant request.**

The signature page for Federal Certifications and Assurances should be signed by an individual authorized by the applicant's governing board to sign and submit applications, and its attorney. [Blue ink](#) is required as it distinguishes an original signature from a photocopied signature.

Federal Certifications and Assurances Required of Each Applicant:

- Authority of applicant and its representative
- Standard Assurances
- [Debarment and Suspension, and other Responsibility Matters](#)
- [Drug Free Workplace Certification](#)
- Intergovernmental Review Assurance
- [Federal Transit Administration Master Agreement](#)
- Nondiscrimination Assurance
- Assurance of Nondiscrimination on the Basis of Disability Procurement Compliance

Applicants for Federal Assistance may signify compliance with the above certifications and assurances by placing an "X" at the top of Appendix A next to the statement that reads: "The Applicant agrees to comply with applicable requirements of Categories 01-24". If an applicant chooses to do this, no additional notation is necessary, except for the signature on the reverse.

A description of the certifications required for the Section 5339 Bus and Bus Facilities for Rural Areas Program is provided in the annual Federal Register Notice.

6.1.15 EXHIBIT F: CERTIFICATION OF EQUIVALENT SERVICE

If the applicant wants to purchase non-accessible vehicles (does not have wheel chair lifts or ramp) for demand responsive service, the “Certification of Equivalent Service” must be completed and included in the application.

6.1.18 EXHIBIT K: FTA SECTION 5333 (B) ASSURANCE

All applicants must include a signed FTA Section 5333 (B) Assurance form, available in the 5339 Grant Application.

6.1.20 COPY OF COVER LETTER SENT WITH APPLICATION SUBMITTED TO LOCAL CLEARINGHOUSE AGENCY/RPC

If the grant application is for facilities, please include a copy of the cover letter submitted to the local clearinghouse agency or RPC.

Executive Order 12372 requires a review of all Federal grants to ensure compliance with the local and state planning process. Therefore, prior to submission of an application to the FDOT District Office, copies of the application must be submitted to the appropriate Local Clearinghouse/Regional Planning Council (see Appendix). The appropriate clearinghouse agency should be contacted to determine the number of copies required for local review. The date the application was submitted to the local clearinghouse for review must be listed under 19 on the Standard Form 424.

- Support letters from the local clearinghouse must be submitted to the District Office before a Section 5339 Award can be made.
- Applicants should send their applications to the **LOCAL** Clearinghouse/Regional Planning Council; **NOT TO THE STATE CLEARINGHOUSE**

6.1.21 EXHIBIT H: PROTECTION OF THE ENVIRONMENT

Most transit projects funded under Section 5339 will be classified by FTA as categorical exclusions. Examples of categorical exclusions include purchase of transit vehicles, and purchase of office equipment. If the proposed project is for construction or acquisition of facilities or other buildings, further evaluation may be required before a determination can be made that the project is a categorical exclusion. A Categorical Exclusion (CE) is described in 40 Code of Federal Regulations (CFR) 1508.4 and 23 CFR 771, as a project which, based upon past experience with similar actions, does not individually or cumulatively have a significant environmental effect, and is excluded from the requirement to prepare an Environmental Assessment (EA) or an Environmental Impact Statement (EIS). Therefore, a project that qualifies as a CE generally requires a lower level of documentation. These projects do not bring significant impacts to planned growth or land use for the area; do not require the relocation of significant numbers of people; do not have a significant impact on any natural, cultural, recreational, historic, or other resources; do not involve significant air, noise, or water quality impacts; do not have significant impacts on travel patterns; and do not otherwise individually or cumulatively have any significant environmental impacts.

Types of projects that have been determined by FTA to qualify as CEs, and normally do not require any further National Environmental Policy Act (NEPA) approvals by FTA, are listed in 23 CFR 771.118(c). Additional actions which meet the criteria for a CE but may be designated as CEs only after FTA approval are listed in 23 CFR 771.118 (d). In these cases, the applicant must submit documentation which demonstrates that the specific conditions or criteria for these CEs are satisfied and that significant environmental effects will not result.

To meet the requirements of a CE determination, a proposed project may not be impermissibly segmented from a larger project. This means that a project may be proposed to be implemented in phases or as part of a larger undertaking, but must still demonstrate independent utility, connect logical termini, and should not restrict consideration of alternatives. In order to meet a CE designation, a proposed project cannot have substantial controversy on environmental grounds, or significant impact to properties protected by Section 4(f) of the US DOT Act (public park and recreation lands, wildlife and waterfowl refuges, and historic sites) or Section 106 of the National Historic Preservation Act (cultural resources including historic and archaeological sites). The presence of features such as wetlands and floodplains within the

project area would likely also require additional documentation.

The applicant should contact the Florida Department of Transportation (FDOT) District Office for assistance with determining the level of documentation required. The FDOT will use a description of the proposed project, along with any maps or figures to assist with determining if a proposed project is likely to meet FTA criteria for a CE.

7.2 RECIPIENT RISK ASSESSMENT TOOL

For Department use only.

All applicant agencies must register on SAM.gov for the Recipient Risk Assessment review.

Prior to awarding FTA funds, the Department is required to conduct a risk assessment of the potential grantee/sub-recipient. The terms grantee and sub-recipient are interchangeable for the purposes of this tool.

The requirements for the risk assessment are outlined in 2 CFR 200 and FTA Circular 5010.E. The Department will consider the following items in order to evaluate the risk posed by each applicant:

- Financial stability, including the applicant's financial condition and financial capability;
- Quality of the applicant's management systems;
- History of performance, particularly previous experience of the applicant in managing federal awards provided by the Department;
- Audit reports and any associated findings;
- SAM.gov check for applicant's prior performance.

To complete the risk assessment, the following questions must be answered in regards to the applicant. If the District decides to award to the applicant, then the risk assessment documentation becomes part of the project file. Should the District decide not to award to the applicant, then the risk assessment remains as part of the grantee selection process.

1. There are two basic aspects to financial capacity/stability: the general financial condition of the grantee and the financial capability of the grantee. Satisfactory financial condition means that the grantee can pay its current costs from existing revenues. Satisfactory financial capability means the grantee's ability to meet its expansion costs in addition to its existing operations from projected revenues. *Does the applicant meet the criteria for satisfactory financial capability and condition? Provide supporting documentation or explanation.*

2. Describe the applicant's management systems. *Does the organization structure clearly define, assign, and delegate appropriate authority for all duties? Are responsibilities segregated within the organization to ensure that adequate internal checks and balances exist? Does the applicant have written operating procedures that are simply stated, yet meet the applicant's operating, legal, and regulatory requirements?*

3. Document the applicant's history of performance. *Has local match been readily available? Are invoices submitted in a timely manner?*

4. Review previous audit reports. *Does the applicant have any unresolved audit findings? Are there reoccurring findings in the annual audit reports?*

5. Attach the screen shot of the SAM.gov check of the applicant.

The Subrecipient shall comply with all audit and audit reporting requirements as specified below.

- a. In addition to reviews of audits conducted in accordance with OMB Circular A-133, for fiscal years beginning before December 26, 2014, and in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, for fiscal years beginning on or after December 26, 2014, monitoring procedures may include but not be limited to on-site visits by Department staff and/or other procedures including, reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to Federal awards provided through the Department by this Award. In determining Federal awards expended in a fiscal year, the Subrecipient must consider all sources of Federal awards based on when the activity related to the Federal award occurs, including the Federal award provided as noncash assistance through the Department by this Award. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by

OMB Circular A-133, for fiscal years beginning before December 26, 2014, and established by 2 CFR Part 200, Subpart F – Audit Requirements, for fiscal years beginning on or after December 26, 2014. Procurement Process Overview

This information is intended to provide guidance on the processes for procurements when using state and federal dollars. Procurements should be in accordance with Chapter 287, Florida Statutes (F.S.), Chapter 60A, Florida Administrative Code (F.A.C.) and the Federal Transit Administration (FTA) Best Practices Procurement Manual. Additionally, geographic preferences are prohibited when procurements involve federal funds [*reference: 49 CFR 18.36 (c)(1)(2) and FTA C 4220.1F, Ch. VI, Section 2.a(4)(g)*].

Third Party Contracts refer to a recipient's contract with a vendor or contractor, including procurement by purchase order or purchase by credit card, which is financed with Federal assistance awarded by FTA.

An agency should submit their procurement request to the District Representative for approval prior to completing the purchase. To complete the procurement request, the agency should follow these steps:

1. Determine the Funding Source (i.e. – federal, state, or local funds)
2. Determine type of procurement being requested (Examples are located in the Procurement Guidance for Transit Agencies Handbook)
 - Rolling Stock
 - Construction
 - Materials and Supplies
3. Determine level of procurement method
 - Micro Purchase – Procurements less than \$2,500
 - Small Purchases – Procurements greater than \$2,500 but less than \$35,000
 - Competitive Procurements – Procurements greater than \$35,000
 - Other methods listed in the Procurement Guidance for Transit Agencies Manual
4. Ensure that all potential vendors/contractors will accept the applicable federal clauses that relate to the procurement.
5. Complete the Subrecipient Procurement Checklist
6. Complete the appropriate third party checklist from the Procurement Guidance for Transit Agencies Handbook. The checklist should notate where the applicable clause can be found in the supporting documentation.

For procurements that are categorized as a “Small Purchase”, a sample Vendor Small Purchase letter is located in the Procurement Guidance for Transit Agencies Handbook. Agencies may utilize this letter as a template when third party agreements/contracts are necessary. This will ensure that the third party (vendor or contractor) accepts the applicable federal clauses.
